ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

A petition in bankruptcy was filed Wednesday by Alonzo Dees, a farmer of Lyndon. He has liabilities of \$208.06 and assets of \$105.

Mrs. Joseph Cota of Malletts Bay met with a serious accident Tuesday. She drove to Burlington in a team and while alighting at a residence on Intervale avenue the horse kicked, breaking one of her legs.

Mrs. A. D. Bragg, of Fayston, has a beautiful straw-colored fleur-de-lis now in blossom, fourteen feet in circumference, with seventy-three flower stalks and from four to seven buds and blossoms on a stalk.

Two petitions in bankruptcy were filed Tuesday. A. H. Beaudry of St. Albans has liabilities of \$215.75 and assets of \$150, all of which are claimed exempt. G. W. Conley of Westmore has liabilities of \$889 and assets of \$261, all of which are claimed exempt.

Wednesday as W. H. Moorthy of West Addison was driving to Vergennes he saw a full grown black bear come out of the bushes on the south side of the road near the sand road schoolhouse in Pantton. The bear was about 10 rods ahead of Mr. Moorthy and after sniffing about caught sight of him, and went back into the bushes.

J. B. Thompson, town superintendent, visiting school No. 4 in Fayston last week found this rare item in pupils of school age. Ben Corlies, father of 18 American born children, has one son in school, Edwin, aged seven years, a grand daughter, Nina Corlies, aged nine years and a great grand daughter, Maud Nelson, 11 years of age.

Eddie, the eight-year-old son of Mr. and Mrs. William Kenworthy, of Middlebury, met with a peculiar accident recently while looking out of the window at his home at some lads who were playing baseball. The ball was knocked against the pane of glass in front of his face, breaking the glass into many pieces, three of which entered his flesh. One piece was imbedded at the root of his nose, cutting a severe gash; another cut into one eye above the eyeball and was stuck into the flesh in such a manner that the physician had difficulty in removing it; and a third piece cut a gash across the eye, just escaping the eyeball. The dressing was long and tedious for the lad.

The following incident will illustrate how particular the pension department are in their adjustment of claims. About two years ago C. T. S. Pierce of Vergennes, pension agent, as attorney for D. D. Harris, now deceased, made application to the department for an increase of pension. This week Mr. Pierce received notice that the claim of his client had been allowed. The increase granted was four dollars per month, but as Mr. Harris died two days after the increase was allowed the widow will receive a check for 40 cents only. With the notice that an increase had been granted, Mr. Pierce also received the usual notice to pension agents that his attorney fee of \$10 would be paid him by the United States pension agent at Concord, N. H., out of the increase allowed, and he is wondering how they will do it.

Varney Family Reunion.

The fourth annual reunion of the Varney family was held at the home of Mr. and Mrs. Wesley Brown in Lincoln June 15, 86 persons attending from the towns of Ferrisburgh, New Haven, Vergennes, Starksboro, Bristol, Randolph, Granville, Warren and Lincoln. A tent had been procured since the last reunion by George R. Varney under which a bountiful dinner was served. In the absence of President Jacob Wilson, A. C. Merrill was elected president pro tem. Devotional exercises were led by the Rev. Edwin Meader and an enjoyable musical and literary programme was carried out by Merrill Barton, Almond White, W. E. Butterfield, Flossie Varney, Mrs. G. W. Varney, May Atkins and others, a photograph also assisting. The following officers were elected for the ensuing year, President, Wesley Varney of Ferrisburgh; vice-president, Jacob Wilson of Granville; secretary, Clara Draper of Lincoln; treasurer, W. E. Butterfield of Lincoln. The next reunion will be held with Mr. and Mrs. Wesley Varney of Ferrisburgh the third Thursday in June 1906.

Had a Drunken Orgy.

There was surely something doing at Highgate Springs and vicinity last Sunday and eight husky looking chaps, all more or less battered were Wednesday arraigned before Justice M. E. Barr charged with intoxication.

On Sunday morning a gang of men comprising laborers from Felton's lime works and others took three row boats and rowed across the line to Missisquoi bay, P. Q., where they became intoxicated and then, with bottles and jugs galore, went to their boats and started back for home. There were only two in the crowd of about 15 who were able to sit up and row, so the boats were hitched together tandem fashion and the gang started for Lime Kiln point, where they landed about four o'clock in the afternoon. They were evidently expected, as they were met by several men and the orgy began. After a drunken spree in which one man was thrown head first into the lake and was almost drowned before he was hauled out, the crowd went to the home of Joseph Frenier where another pop-wine and celebration was held, the hoodlums making the night hideous with their yells and war whoops, and scaring the good people almost to death.

State's Attorney Warren R. Austin of this city got the news of the affair and Wednesday with Deputy Sheriff Charles Steele of Highgate made a round-up of all those who could be found that were identified. They were Charles Ploof, Cash Partlow, Joseph Frenier, William Ploof, William Kane, William Patnaude, Albert Welcome and Fred Frenier. The first five were convicted and given ten days in jail while the latter three were discharged. Kane appealed his case and furnished bail.

It is understood that there is some evidence that at least a part of this gang has been smuggling liquor from Canada over to Lime Kiln point, for

some time, as drunks of great proportions have been a feature on Sundays for several weeks. One of the men in the party had a bad hemorrhage as a result of his spree and is now lying in a serious condition.

Rutland Man Builds Automobile.

H. L. Willard, of Rutland, is just putting the finishing touches upon an automobile which he has built. This is the second machine Mr. Willard has made, the other being constructed last year.

Mr. Willard is a machinist and so had little trouble in constructing the vehicle, of which he made all but the engine and boiler. He expects to have the auto in running order in less than a week, and will keep it for his own use. Its construction has taken Mr. Willard's spare time since January. It seats two people.

The auto has a 72-inch track and standard tread. The boiler is in front and the six-one-half horse power engine, which is horizontal, is just above the rear axle. The vehicle is steered by a wheel. The brake is worked by the foot with a ratchet attachment, and the reverse also is worked by the foot.

After the steam leaves the boiler and goes through the throttle it returns over the top of the former and through the smoke flue, being given additional heat and more power. The smoke and gases blow off below the body in back, but by pressing a lever they come out in front, making it easy to fire up.

The machine weighs about 1,000 pounds, has a thirty-two gallon water tank, and a ten-gallon gasoline tank. It also is possible to burn kerosene. The gasoline will last between sixty and seventy miles on the average road, and the water will last about twenty miles. The machine is neatly painted. The body is dark green and the gear black. It is possible to attain a speed of thirty miles an hour.

A few connections, such as those of the brake rod, will be made later.

TELLS OF GRAFT PAYMENTS.

Frederick Kribs Gives Testimony in Senator Mitchell Trial.

Portland, Ore., June 23.—Frederick A. Kribs, in the trial of Senator Mitchell, charged with using his office for private gain, told of his agreement made with Mitchell and Tanner by which he was to pay for the expedition of forty claims to timber land. He identified a letter written by Mitchell to Commissioner Herman giving a list of claims to be expedited. He also identified a check for \$600 paid to Mitchell and Tanner for the service done in passing the claims.

Kribs testified to having made an agreement with Tanner in 1902, at which he took a third list of thirty claims which were pending in the land office. Kribs said he agreed to pay \$1,000 for the service, \$500 down and \$500 when the claims were passed to patent. He had made another agreement, with Mitchell and Tanner in September, 1902, agreeing to pay \$1,000 for the service rendered under the same provisions.

THREE MEN HELD.

Charged With Being Implicated in Row When Powers Was Shot.

Burlington, June 23.—The five men arrested in connection with the shooting of John L. Powers at the mouth of the river Tuesday, Frank and Orson Bouger, Hollis Bean, Fred Cross and A. S. Randall, were arraigned in city court yesterday afternoon. The charge against all of them was breach of the peace. On the motion of State's Attorney A. L. Sherman the cases against Fred Cross and A. S. Randall were not pressed, there being no evidence that connected them with the shooting. They will be used as witnesses. Judge Mower fixed June 29 as the date of the preliminary hearing of the Bouger brothers and Hollis Bean. He fixed the bail of the Bouger brothers at \$1,000 each and that of Bean at \$200.

FERTILIZER FREE

FOR THE ASKING.

Farmers, gardeners, florists, seedsmen, greenhouse proprietors, nurserymen—indeed anyone who will send his name on a postal card to C. S. Page, Hyde Park, Vt., and simply say "I saw your advertisement in The Barre Daily Times, send me a sample of your Page's Plant Food"—will receive a sample promptly free, postpaid. From what we know of the reputation of Mr. Page we are inclined to believe that his Plant Food is an article of genuine merit, and when you note the ingredients—and he will send them to you with the mail sample—you will see that the ordinary impositions that are too often practiced upon the farmers under the head of "Fertilizers" do not exist in Page's Plant Food. HEALTH SCHOOL CLOSSES.

Topics of Interest Considered at Last Session.

Burlington, June 23.—The closing session of the school for health officers was held yesterday, the two topics discussed under recent legislation, and public health laws in general. C. P. Mount, chemist to the state board of health, read an able paper on the first subject, followed by a discussion by Dr. Holton, secretary of the state board of health. H. L. White, medico-legal chemist at the state laboratory, and others. Mr. Mount gave the substance of the recent report of the state board of the analysis and examination of foods at the laboratory and gave intelligent comment on the same.

Dr. Holton made a plea for a national pure food law and referred in detail to some of the problems of the state board and local boards in connection with enforcing the laws.

Attorney M. C. Webber of Rutland presented a paper dealing with health laws in general and then conducted a question box answering many legal points of which the local officials were not sure.
